"PITTSBURGH PERFECT"

The most distinctive and economical FENCE

Look beyond the purchase price when you buy wire fencing.

A fence you get at a cheap price is bound to be a cheap fence clear through—poor and unsatisfactory in service, soon to rust, sag, break and fall away, an expensive failure.

"Pittsburgh Perfect" Fences are the most economical you can buy because they are the most adaptable and adjustable to all fencing conditions and requirements of the farm. They are the strongest and most durable because Open Hearth wire—like old time iron wire—heavily galvanized with pure zinc, is used exclusively in their manufacture, and is ELECTRICALLY WELDED at every touching point in the fabric, producing practically a one-piece fence. They are the most distinctive because of their construction, and enhance the appearance and increase the actual value of a farm by perfectly serving their particular purpose and permitting scientific crop rotation.
